Supersedes: AFI 11-2UH-1NV1_AFGSCSUP, 1 Dec 09

Pages: 4

This supplement implements and extends the guidance of AFI 11-2UH-1NV1, *UH-1N Helicopter Aircrew Training*, 19 September 2007. When imbedded the AFI is published word-for-word without editorial review. This supplement describes HQ AFGSC's procedures for use in conjunction with the basic AFI. This publication applies to all AFGSC and PACAF units with UH-1N assets. This publication does not apply to the Air Force Reserve or Air National Guard units. If maintained as an integrated supplement, you may discard the Air Force basic publication. Refer recommended changes and questions about this publication to the Office of Primary Responsibility (OPR) using the AF Form 847, *Recommendation for Change of Publication*. Ensure that all records created as a result of processes prescribed in this publication are maintained in accordance with AFMAN 33-363, *Management of Records*, and disposed of in accordance with the Air Force Records Disposition Schedule (RDS) located at <https://www.my.af.mil/gcss-af61a/afrims/afrims/>.

SUMMARY OF CHANGES

This document is substantially revised and must be completely reviewed. All tables have been removed and placed in the Ready Aircrew Ground Training Program (RAP) Training Memorandum (RTM) established with the publication of IC 2007-1 to AFI 11-2UH-1NV1, removes duplicate paragraphs addressed in other publications, and incorporates Administrative Change 1 reflecting HQ AFGSC as the new L-MAJCOM for UH-1Ns and OPR for this AFI.

1. General Information. This supplement is intended to provide guidance in UH-1N aircrew training for AFGSC and PACAF. For purposes of this instruction, unit refers to AFGSC Helicopter Squadrons (HS) and those PACAF units with UH-1N assets. For those units with multiple MDS airframes (i.e., 459 AS), different L-MAJCOM guidance may conflict. The unit may choose to follow the other L-MAJCOM guidance for administration of the aircrew training program. Units must be sure alternate guidance does not present an inherent danger based upon the different nature of helicopter operations, or create products that vastly differ from other UH-1N programs. The Unit/CC will inform HQ AFGSC/A3TO if alternate L-MAJCOM guidance is used.

1.2.3.2.2. Refer to 20 AF Community of Practice (CoP), AFGSC Training Methods, for the authorized Syllabi of Instruction (SOI) and courseflow for in-unit training.

1.2.3.3. For AFGSC units, identify training shortfalls through 20 AF/A3H to HQ AFGSC/A3TO. For PACAF units, identify training shortfalls via PACAF/A3TV to HQ AFGSC/A3TO.

1.2.3.4. (Added) Route AFGSC unit supplements through 20 AF/A3H for approval by HQ AFGSC/A3TO. Route PACAF unit supplements through PACAF/A3TV and coordinate with AFGSC/A3TO.

1.4. Training Records and Reports. Training folders will be maintained IAW **Attachment 2**.

1.5.2. Direct involvement of supported user forces is encouraged for realism and training benefit.

1.7.1. All aircrew members will maintain mission-ready status in their primary crew positions IAW AFGSCI 10-139, *Helicopter Capabilities and Mission Descriptions*. EXCEPTION: The Operations Group Commander (OG/CC) will determine who (if any) maintains certifications in the missions not considered part of the Basic Mission requirement, (i.e., day water, cargo sling, fire bucket, etc.).

1.7.2. HQ AFGSC indoctrination (INDOC) program flyers who maintained UH-1N BMC status within 24 months of assignment to HQ AFGSC do not have to complete the UH-1N Key Staff Course. No recurring training is required.

1.10. Intra/Intercommand Aircrew Training. AFGSC assigned aircrew members may train with another AFGSC-assigned unit. Forward requests through 20 AF/A3H to HQ AFGSC/A3TO. AFGSC and PACAF aircrew members desiring training within another MAJCOM must forward their requests through appropriate channels to HQ AFGSC/A3TO. Aircrew members from other MAJCOMs desiring to fly with an AFGSC or PACAF unit will route the request to AFGSC/A3TO through their appropriate MAJCOM/A3 4-Letter office. For requests to fly with an AFGSC-assigned unit, HQ AFGSC/A3TO will notify 20 AF/A3H. For requests to fly with the 459 AS, HQ AFGSC/A3TO will notify HQ PACAF/A3TV. Reference AFI 11-202V2, *Aircrew Standardization/Evaluation Program*, and AFI 11-2UH-1NV2, *UH-1N Aircrew Evaluation Criteria*, for intra/intercommand flight evaluations.

1.12. Waiver Procedures. AFGSC/A3 delegates waiver authority for in-unit training to HQ AFGSC/A3T. For AFGSC units, submit waiver requests through 20 AF/A3H and HQ AFGSC/A3TO. For PACAF units, submit waiver requests through HQ PACAF/A3TV and HQ AFGSC/A3TO. Follow the In-Unit Training Waiver example on the AFGSC A3TO CoP.

2.1.1. The Basic Helicopter Flight Engineer (BHFE) course, the Enlisted Aircrew Undergraduate Course (EAUC), and Flight Engineer initial qualification course will not be completed in-unit. Submit waiver requests for other formal courses IAW paragraph 1.12. Follow the In-Unit Training Waiver example located on the AFGSC A3TO CoP.

2.1.2.1. (Added) AFGSC OG/CC UH-1N Orientation. OG/CCs (non-rated) will receive a minimum of three orientation flights to acquaint them with the high-risk types of missions aircrews may encounter. OG/CCs (rated) are encouraged to receive these orientation flights. OG/CCs (both) will not actively control the aircraft unless they have completed the full UH-1N Key Staff Course IAW paragraph 2.1.2.2. of this supplement. Orientation flights will be completed within 90 days of assumption of command. They are also encouraged to receive orientation training on other sorties associated with their unit's particular mission. OG/CC UH-1N orientation completion will be annotated on a Memorandum For Record and kept in the DOT continuity binder while the OG/CC is in command. Follow UH-1N Orientation Training Memorandum For Record example on the AFGSC A3TO CoP.

2.1.2.2. (Added) All OG/CCs with UH-1N assets in their organizations should also attend either a full (rated OG/CCs) or a non-flying (non-rated OG/CCs) UH-1N Key Staff Course offered by the 58 SOW. Contact HQ AFGSC/A3TO to schedule a UH-1N Key Staff Course.

2.1.3.2. For AFGSC and PACAF UH-1N units, the unit DO is the designated training supervisor, and the sequence of training waiver (SOTW) authority.

2.4.2. In-unit training time constraints will also apply to in-unit certifications. For AFGSC units, submit notification memorandum through 20 AF/A3H to HQ AFGSC/A3TO. For PACAF units, submit notification letter via HQ PACAF/A3TV to HQ AFGSC/A3TO. Follow In-Unit Training Time Delay Notification Memorandum example on the AFGSC A3TO CoP.

3.1.2. Submit waiver requests to HQ AFGSC/A3TO IAW paragraph 1.12. Follow the In-Unit Training Waiver example on the AFGSC A3TO CoP.

3.1.3.2. For AFGSC and PACAF UH-1N units, the unit DO is the designated training supervisor and the SOTW authority.

3.1.4.1.2. Refer to 20 AF CoP, AFGSC Training Methods, for the authorized SOI and in-unit MQT programs.

3.1.4.1.3. For AFGSC and PACAF UH-1N units, the unit DO is the designated training supervisor and the SOTW authority.

5.2.3. Unless specifically noted otherwise in the appropriate section of AFI 11-2UH-1NV1 and the RAP Tasking Memo, HQ AFGSC/A3T is the waiver authority for ground and flying continuation training.

6.3.5. In addition to requirements in the basic AFI, first time FE instructors must have 5-skill level certification awarded prior to entry into instructor training.
